GRI standard	Indicator	Link to the Report section	Comment
	2-24 Embedding policy commitments	Sustainable development agenda management structure Corporate ethics and anti-corruption Safeguarding human rights Occupational health and safety Table of impacts of the Rosseti Group	There is no specific sustainability training for counterparties.
	2-25 Processes to remediate negative impacts	Safeguarding human rights Corporate ethics and anti-corruption Table of impacts of the Rosseti Group	The Group established a uniform procedure for working with documents (which is common for the entire Group, including branches and subsidiaries), and the Instruction on document management was approved, in accordance with which, for instance, appeals, complaints, statements, proposals, prepared in accordance with Federal Law No. 59-FZ dated May 2, 2006 "On the Procedure for Considering Appeals of Citizens of the Russian Federation", are to be considered. In addition, the Group established a feedback mechanism in accordance with its Human Rights Policy and Anti-Corruption Policy, which provides for the submission of reports on violations, as well as proposals and other appeals on relevant topics.
	2-26 Mechanisms for seeking advice and raising concerns	Corporate ethics and anti-corruption Feedback on corruption issues Safeguarding human rights	The Group established mechanisms for receiving feedback on anti-corruption measures and human rights protection, enabling individuals to report on violations, as well as to submit appeals and proposals on relevant topics. Stakeholders may also: • Seek advice on the application of the Company's responsible business policies and practices; • Express concerns about the way the Company conducts its business. Stakeholders can contact the Company's representatives directly by mail, email or telephone. Up-to-date contact details are available on the Company's official website.
	2-27 Compliance with laws and regulations	Environmental management system Data of the Rosseti Group for 2025	This indicator is disclosed in accordance with environmental laws.
	2-28 Participation in associations	Membership and participation of Rosseti PJSC in associations, industry and/or national and international organizations	
	2-29 Approach to stakeholder engagement	Open dialogue with stakeholders	
	2-30 Collective bargaining agreements	Collective bargaining agreements and employment rights	There is no uniform standardized collective bargaining agreement within the Rosseti Group and no standard text of a collective bargaining agreement or guidelines for its content. Companies develop collective bargaining agreements independently, in cooperation with the trade union. In accordance with Article 43 of the Labor Code of the Russian Federation, collective bargaining agreements apply to all employees of an organization. Therefore, the collective bargaining agreement in the Group's companies applies to all employees of organizations, if these organizations apply the collective bargaining agreement. The working conditions of employees of Rosseti PJSC are determined in accordance with the law, as well as in accordance with the Industry-Wide Tariff Agreement in the electric power industry.

GRI 201: Economic Performance 2016	201-1 Direct economic value generated and distributed	Direct economic value generated and distributed	The distributed economic value is disclosed without a breakdown by component
	201-3 Defined benefit plan obligations and other retirement plans	Incentives and social benefits for personnel Private pension plans	In accordance with the laws of the Russian Federation, the Company pays mandatory social insurance contributions for its employees to the Pension and Social Insurance Fund of the Russian Federation. The Company implements a number of defined benefit pension schemes which involve paying post-employment and other long-term benefits to employees. These schemes include lifetime pensions, lump-sum retirement benefits, post-retirement financial support, anniversary payments, and compensation in the event of death, and cover the majority of the Company's employees. According to the terms of the schemes, the amount of benefits that employees receive upon retirement depends on their date of birth, length of service with the Company, position, salary, awards or honors. The post-employment benefit and pension system is a defined benefit scheme with payments for each participating employee. Defined benefit obligations are calculated annually by a qualified actuary using the projected unit credit method. Pension savings are accumulated in private pension funds with a high level of financial reliability/profitability according to Russian rating agencies. Private pension plans are financed by the employer on a quarterly basis. The estimated value of pension obligations and the extent to which they are covered by the fund's assets are not disclosed in this Report.
	203-2 Significant indirect economic impacts	Contribution to national development Table of impacts of the Rosseti Group	
GRI 207: Tax 2019	207-1 Approach to tax	Tax policy	
4. Occupational health and safety (material topic, high priority)

GRI 402: Labor/Management Relations 2016	402-1 Minimum notice periods regarding operational changes	GRI content index	In the event of significant changes in the Company’s business operations which may necessitate changes in the employee’s employment contract, the requirements of the Labor Code of the Russian Federation are strictly observed. Specifically: • Changes in the terms of the employment contract determined by the parties, including reassignment to a different position, are allowed only by agreement of the parties to the employment contract, except as stipulated in the Labor Code of the Russian Federation; • If, for reasons related to changes in organizational or technological working conditions, the terms of the employment contract determined by the parties cannot be maintained, they may be changed at the initiative of the employer (except for changes in employees’ job functions). At the same time, the employer should notify employees about upcoming changes and reasons for such changes no later than two months in advance. Pursuant to clause 4.11.1 of IWTA, the wording of Collective Bargaining Agreements reflects the employer’s obligations: a) to notify the elected bodies of local trade union cells about the forthcoming reorganization and provide them with information on the resolution on reorganization adopted by the meeting of shareholders within twenty (20) days from the date when the relevant resolution is adopted; b) to provide the elected bodies of local trade union cells with information on the schedule of reorganization measures.
